## A History of Quality

For more than seven decades, Dearborn Brand has maintained a far-reaching reputation for excellence, while staying rooted in our community and workforce. We are a family business that has adapted with the changing times, expanding our state-of-the-art facility to 85,000 square feet, which is capable of producing large volumes and specialty items of Dearborn Brand or custom products. The people who enjoy our products and the people who work to produce them are our responsibility, and we make sure we take care of them by creating the highest grade meat in the finest, friendliest facilities.

Many of our products are specialty items inspired by the Hungarian heritage of our family, such as our Famous Spiral Sliced Ham, lo-cal chicken sausages, Mini Stix and flavored jerkies, which we are constantly developing.

## A Commitment to the Community

At Dearborn Brand, we are rooted in our community and committed to supporting those who have long supported us. That's why we created a fundraising program that is as easy as it is delicious. The more you buy, the more your organization earns – so start stocking up on your Dearborn favorites.
